Zircon Water Detector Leak Alert Purchase **Notification**

Recently we experienced flooding to 8 floors involving 14 apartments. You can imagine the aggravation and disruptions this unfortunate incident caused our residents not to mention a hefty insurance claim being filed.

The key to preventing such occurrences is early detection. Century Center has purchased a wireless water detector alert device that will help with early detection of water leaks when properly placed.

The early detection alert device will sound when it comes in contact with water. It is small enough to be placed in kitchen & bathroom cabinets, behind toilets & washers or just about anywhere there is a water source.

Owners and residents may purchase the Zircon Water Detector device at the Front Desk for \$10.00 each. Please fill out the order form on the back of this notice. You may also mail in your check payable to Century Center, 1750 Kalakaua Ave., Honolulu, Hawaii 96826.

If you may have any questions feel free to contact me at 946-8818.

Sincerely,

Michael A. Baker
General Manager

Leak Alert

ZIRCON
Electronic Water Detector

How to Use

Electronic Water Detector

Undetected water can cause thousands of dollars in damage to your property and belongings. Avoid the cost—keep a Leak Alert anywhere the potential for flooding or leaks exists. Loud alarm sounds with direct water contact.

Protect your home from water damage. Perfect for use near water heaters, sinks, dishwashers, sump pumps, and more!

- Loud (95dB) alarm
- Fully automatic operation, no wiring required
- Floats and signals for up to 72 hours
- Low battery warning, for optimum safety and performance

Requires one 9-V battery, not included. Detailed instructions enclosed. For questions on products, check our Web site at www.zircon.com or call Customer Service, 1-800-245-9265, Monday—Friday, 8 a.m. to 5 p.m. PST.

ESPAÑOL

Detector de Agua Electrónico

Las pérdidas de agua no detectadas pueden causar miles de dólares en daños a su propiedad y pertenencias. Evite costos innecesarios—tenga un Leak Alert en cualquier parte donde existan probabilidades de inundaciones o pérdidas. Cuando se produce el contacto directo con el agua suena una alarma fuerte.

Proteja su hogar contra el daño producido por las pérdidas de agua. ¡Perfecto para ser utilizado cerca de calentadores de agua, fregaderos, lavaplatos, bombas de sumideros, y mucho más!

- Alarma fuerte (95dB)
- Operación totalmente automática—no se necesitan conexiones eléctricas
- Flota y emite señales hasta un máximo de 72 horas
- Señal de advertencia de poca batería—para brindar un máximo de seguridad y desempeño

Requiere una batería de 9 V, no incluida. Se adjuntan instrucciones detalladas. En caso de preguntas sobre nuestro producto, visite nuestra página de Web en www.zircon.com o llame Servicio al Cliente al 1-800-245-9265, de lunes a viernes de 8 a.m. a 5 p.m. (hora del Pacífico).
